25th Anniversary Dinner

Dinner Journal

A Tribute To the Lubavitcher Rebbe

When you encouraged Jewish men to begin putting on Tfilin
40 years ago, many stood by and snickered.

Today, thanks to your foresight, millions of men put on
Tfilin daily, millions of candles, brighten Shabbat tables,
millions of pennies have filled millions of charity boxes and
millions of Jewish homes have been touched.

Where others have made committees, waited for grants to be
approved, set up subcommittees, and decided that due to
lack of funding, a program would have to be aborted and
build wonderful edifices with skyscraping offices, you and
your emissaries have demonstrated that to teach a Jew, one
needs only have the willingness determination and a real
understanding of what Ahavat Yisrael means.

On behalf of the millions of Neshamot that you have kindled,
we humbly, say thank you.

"Alacrity consists of two elements, one that relates to the period prior to the commencement of a deed, and the other that relates to the period that follows the commencement of the deed. The former means that prior to the commencement of a Mitzvah, a person must not delay its performance. Rather, when the time arrives, or when the opportunity for its fulfillment presents itself, \or when it enters his mind, he must react speedily, without delay, to seize the Mitzvah and to do it. "
